

Oxygen Concentrator YS 500

- **High precision compact Oxygen Concentrator for continuous supply of Oxygen**
- **Imported Lithium molecular sieve**
- **Ultra-quiet design**
- **Easy to carry, easy to operate**
- **Cumulative time**

Unit Structure

1. Display
2. Power ON/OFF
3. Voltage overload protection
4. Oxygen outlet
5. Flow meter
6. Humidifier bottle
7. Oxygen tube
8. Nasal oxygen tube

Oxygen Concentrator YS 500

Specification	YS-500
Flow rate	0.5-5L/min adjustable
The Maximum amount of oxygen	5L/min \geq 90%
Operating pressure	58.6 \pm 6Kpa
Voltage frequency	220v/50hz
Oxygen concentrator	\geq 90%
Power(W)	300w
Weight	16.5kg
Noise	\leq 40decibel
Size	373L*322W*605H
Package size	410L*360W*605H

YS-500

Oxygen concentration alarm	Yellow: less than 82% Red: less than 75%
Molecular sieve, Filter	Efficient lithium molecular sieve(Z12-07), imported from USA. Imported HEAP high efficiency filter
Solenoid valve configuration	Zero friction solenoid valve design-China patent
Product function	Compress high temperature operation, Power failure alarm, Bacterial filter, Inlet air filter, Current overload protection(5L Oxygen Concentrator)
Environment humidity	Temperature:10-40°C; Relative Humidity: 30%-85%; Atmosphere: 700Hpa-1060Hpa
Machine warranty	Two-year warranty, using leading oil-free compressors manufacturing technology, 250,000 hours lifetime

Standard Imported make ; manufactured under CE standards

Head Office: Blue Ocean Medtech, A-1549, 1st Floor, Main Road, Green Field Colony, Faridabad -121003, Haryana (India)
